C-DAC School of Advanced Computing

CD 301 - BSc (Hons) Information Technology
(Diploma to Degree Upgrade – Part Time)

1. **OBJECTIVES**

This Programme is geared towards producing computer professionals, with a thorough understanding of various components of Information Technology. The programme ensures that our graduates integrate easily into the job market and keep up with emerging technologies.

The programme is designed to upgrade the theoretical concepts as well as application methodologies of the students with a Diploma level in Information Technology. With substantial focus on the practical and hands-on component, the programme intends to ensure “learning by doing”. The practical modules and hands-on exercises will reinforce the classroom learning experience. On completing the requirements of the degree programme, students will have acquired adequate skills for the design and development of efficient IT solutions.

This programme will be run by C-DAC the School of Advanced Computing, a joint initiative of the Centre for Development of Advanced Computing (CDAC), India, and the University of Mauritius. The Degree is awarded by the University of Mauritius.

2. **GENERAL MINIMUM ENTRY REQUIREMENTS**

In accordance with the University’s General Entry Requirements for admission to undergraduate programmes.
